- BUAD 131 – Management Principles
- BUAD 132 – Human Resources Management
- ECON 201 or 202 – Macro or Micro or POSC 200 or POSC 201
- PSYC 201 – Intro to Psychology or SOC 101 – Intro to Sociology

*Elective credits to reach 90 transfer hours; no duplications, no more than four PHED credits.*

## BAS – Bachelor of Applied Science

This is an inverted major degree – i.e. the major used for the bachelor's degree is based on the field of study listed on the associate's degree. The student coming in for a BAS has already completed the body of work for his major and takes the liberal arts classes required for completion of the bachelor's degree.

There are a few different pathways to the BAS – encourage a student who has a body of occupational classes or work experience/training/certifications in more than one area to see us about putting together a degree plan.
