Director’s Corner

Welcome to fall semester 2016 to all of our McNair Scholars, faculty, staff, and supporters of the McNair program.

As you know, this year has been a time of transition in our program, and I am so proud to say we have had a wonderful and successful year. In assuming the role of Interim Director of the McNair Program, I have relied on the support of our wonderful McNair staff, the dedication and determination of our Scholars, and the continued collaboration with our wonderful community of mentors and supporters.

Last semester, our Scholars presented at our annual Research Symposium, traveled to present their research at a National McNair Conference, and pursued their goals and dreams with great determination. It has been my honor to work with these Scholars and I am eager to lead SHU McNair into a new year of growth and hard work as we continue the great traditions of this amazing program.

I wish you all a productive and very enjoyable fall semester!

Leah C. Mayer, M.Ed.
Interim Director

Interested In Becoming a McNair Scholar?

The McNair Scholars Program is a research-based, federally-funded program that prepares eligible undergraduates for graduate school.

To be eligible, a student must be either (1) a first-generation, low-income student OR (2) a member of a group underrepresented in graduate education, such as African-American, Hispanic, Native American, Alaska Native, or Native Hawaiian/Pacific Islander.

Students must also be a U.S. citizen and a full-time student with a declared major and a grade point average of 3.0 or better who wants to earn a Ph.D. Students from both SHU and Adrian College are eligible to apply.

For more information, contact McNair@sienaheights.edu.

Congratulations, Class of 2016!
