

WHAT DOES FAST-TRACK MEAN?

Fast-tracking at Siena Heights University is a dual enrollment program that provides eligible high school students the opportunity to start earning college credit towards their Siena Heights University degree.

The idea of dual enrollment (DE) Fast-Track is that “3 is greater than 4” when it comes to degree completion.

WHAT ARE THE BENEFITS TO THE DUAL ENROLLMENT FAST-TRACK?

Siena Heights University is committed to making the Fast-Track program beneficial to the high school students who intend to complete their degree with us.

- DE students on the Fast-Track can potentially complete a four year degree plan in three years!
- DE students will have access to an academic advisor.

HOW DO I GET ON THE FAST-TRACK?

High school students who wish to attend Siena Heights University as a Dual Enrolled student need to complete the Dual Enrollment application with the assistance of their parent/guardian and high school counselor/principal.

According to the Postsecondary Enrollment Options Act, a total of ten (10) courses can be covered through dual enrollment:

Starting DE in the **9th grade**: no more than two (2) courses per year in the 9th, 10th, 11th, and no more than four (4) courses 12th grade.

Example:

WHAT DOES THE FAST-TRACK LOOK LIKE?

For programs such as Nursing, Education and Engineering, all students must apply and be accepted into the program. Completion of dual enrollment courses does not secure automatic acceptance into certain programs. The application process varies on the plan of study. Dual enrollment students are encouraged to read the degree requirements for their intended degree. Dual enrollment students are expected to uphold required cumulative GPA requirements that are noted in the SHU catalog.

The following fast-tracks are just a few example tracks the dual enrollment students can select. For inquiries regarding other options or degree requirements, please contact dualenrollment@sienaheights.edu.
